UNRETIREMENT LIVING

More than 30 years of experience have taught us that today's seniors want more choices and are leading a more active lifestyle than generations before. That's why we created a community filled with options, from affordable studios to spacious two-bedroom apartments, great cuisine and an active lifestyle of growth and discovery. We offer all this and more, in a straightforward rental model. Best of all, with our waterfront setting, the views alone are worth the cost. We like to refer to life at The Fountains as "The Three Vs" – views, value and vibe.

REDEFINING SENIOR HEALTH CARE

When it comes to **ASSISTED LIVING AND MEMORY CARE**, we're not what you'd expect. No cookie cutter apartments, boring activities and health care delivered on a schedule so rigid that it becomes the center of your day. We've created a culture of choice with top-notch care tailored to your needs, on your schedule – not ours. With cues from their *Nayas*, even residents of our memory care neighborhood have fun leading classes and programs on subjects they love, imparting a deep sense of purpose and accomplishment. The word *Naya* comes from the ancient language of Classical Sanskrit meaning guide, person of wisdom, conductor and leader. Within our memory care program, *Nayas* are engaged with residents in the present moment, which creates a culture of growth, connection and wellness in a way that stereotypical activity programming cannot. All this, along with extraordinary excursions, our secure outdoor walking path and individualized care creates the ideal environment for residents to thrive. Give us a call to meet some of our encouraging, compassionate associates and learn about the magic that happens because they always focus on what residents *can* do, never on what they cannot.

The background is a solid dark blue color. Overlaid on this are several light blue, semi-transparent graphic elements. A large, thin, curved line arches across the top half of the image. Below it, there are several overlapping, curved lines of varying thicknesses, some forming loops and others pointing towards the right. The overall aesthetic is clean, modern, and minimalist.
